A vibrant and stylish design, this cart bag is both fashionable and functional. Of course, from Datrek you've come to expect the latest in 14 way full-length divider tops – this one's sloped to protect your clubs no matter what type of cart you use – riding or push. In addition to a "hidden" integrated external putter tube, there are 10 easy-access pockets, including an insulated cooler pocket for that mid-round beverage or snack, and a "how-did-I-ever-do-without-that" ball drop that delivers your favorite golf ball on demand. In vibrant tone-on-tone colors, you won't confuse your Datrek Icon cart bag with all those other look-alikes at the bag drop.

Designs are the exclusive property and rights of DMI Golf Inc.
